How to Raise Successful, Stress-Free, Responsible Children with ***Parenting the Love and Logic Way™***

Is your child making poor choices that will affect their future and you can't get them to see that happening?

Is your child not listening to you?

Do you feel you have to do EVERYTHING for your child?

Are you worried that your child will crash and burn when they head off to college?

Is there friction in your house? Is your child shutting you out?

Then come learn how to:

- ◆ Get your child to accept responsibility for their work
- ◆ Stay calm when your teens disagree with you
- ◆ Enable their creativity and problem solving skills
- ◆ Help your teens learn from mistakes rather than repeating them
- ◆ Raise teens who can take care of themselves and respect you at the same time!

This parenting program is designed to give you practical skills that can be used immediately!
